

**GRADUATE COUNCIL AGENDA  
DECEMBER 16, 2004  
1:30 P.M.**

**264 GRINTER HALL CONFERENCE ROOM**

**I. ACTION ITEMS**

1. Minutes of the November 18, 2004, Graduate Council Meeting (Enclosure 1).
2. Proposal for an M.S. and Ph.D. program in animal molecular and cellular biology. Dr. Karen Moore will be present for discussion (Enclosure 2).
3. Proposal to replace the Master of Science in Recreational Studies (M.S.R.S.) with a M.S. degree with a major in recreation, parks and tourism. Dr. W. William Chen will be present for discussion (Enclosure 3).
4. Proposal to change the degree title "Master of Science with a major in Exercise and Sport Sciences" to a "Master of Science with a major in Applied Physiology and Kinesiology". Dr. Stephen Dodd and Dr. Chris Janelle will be present for discussion (Enclosure 4).
5. Proposal to vary the degree requirements for the Master of Science in Nursing from 48 credit hours to 36 credit hours for the Clinical Nurse Leader track. The other advance practice tracks will remain unchanged. Dr. Karin Polifko-Harris will be present for discussion (Enclosure 5).
6. Proposal for a combined degree involving a New College of Florida undergraduate program and a University of Florida graduate program. Dr. Stephen Humphrey will be present for discussion (Enclosure 6).
